Colours in Nature

Can you find something in nature that matches each of the colours? If you want an extra challenge you can look for items with different shades of the same colour.

Nature Treasures

Can you look a little closer to find some other treasures in nature? You can start with the list below and add more to it!

- Spider web
- Something soft
- Something bumpy
- Two different kinds of sticks
- Something round
- A seed
- Something spiky
- A nice sound
- Something bright
- Something you think is a treasure
